This Notice of Privacy Practices describes how the CROSS Region may use and disclose your protected health information to carry out treatment, payment or health care operations and for other purposes that are permitted or required by law. It also describes your rights to access and control your protected health information ("PHI"). "PHI" is information about you, including demographic information, that may identify you and that relates to your past, present or future physical or mental health or condition and related health care services.

The CROSS Region is required to abide by the terms of this Notice of Privacy Practices. The CROSS Region may change the terms of this notice, at any time. The new notice will be effective for all PHI that the CROSS Region maintains at that time. Upon request, the CROSS Region will provide you with any revised Notice of Privacy Practices.

PERMITTED USES AND DISCLOSURES OF PHI

Your PHI may be used and disclosed by the CROSS Region for the purpose of providing or accessing health care services for you. Your PHI may also be used and disclosed to pay your health care bills and to support the business operation of the CROSS Region.

The following categories describe ways that the CROSS Region is permitted to use and disclose health care information. Examples of types of uses and disclosures are listed in each category. Not every use or disclosure for each category is listed; however, all of the ways the CROSS Region is permitted to use and disclose information falls into one of these categories:

1) Treatment:

The CROSS Region may use and disclose your PHI to provide, coordinate or manage your health care and any related services. This includes the coordination or management of your health care with a third party that has already obtained your permission to have access to your PHI. For example, the CROSS Region would disclose your PHI, as necessary, to a home health agency that provides care to you. Another example is that PHI may be provided to a facility to which you have been referred to ensure that the facility has the necessary information to treat you.

2) Payment

The CROSS Region may use and disclose health care information about you so that the treatment and services you receive may be billed to and payment may be collected from you, an insurance company or a third party. The CROSS Region may also discuss your PHI about a service you are going to receive to determine whether you are eligible for the service, and for undertaking utilization review activities. For example, authorizing a service may require that your relevant PHI be discussed with a provider to determine your need and eligibility for the service.

3) Healthcare Operations

The CROSS Region may use or disclose, as-needed, your PHI in order to support its business activities. These activities include, but are not limited to, quality assessment activities, employee review activities, licensing and

conducting or arranging for other business activities. For example, the CROSS Region may use or disclose your PHI, as necessary, to contact you to remind you of your appointment or to provide information about alternate services or other health-related benefits.

The CROSS Region may share your PHI with third party “business associates” that perform various activities (e.g., billing, transcription services) for the CROSS Region. Whenever an arrangement between the CROSS Region and a business associate involves the use or disclosure of your PHI, the CROSS Region will have a written contract that contains terms that will protect the privacy of your PHI.

USES AND DISCLOSURES OF PHI REQUIRING YOUR WRITTEN AUTHORIZATION

Other uses and disclosures of your PHI will be made only with your written authorization, unless otherwise permitted or required by law as described below. You may revoke this authorization, at any time, in writing, except to the extent that the CROSS Region has taken an action in reliance on the use or disclosure indicated in the authorization.

The CROSS Region also may keep psychotherapy notes. These are given a higher degree of protection and cannot be disclosed without your express permission except to carry out certain treatment, payment, or health care operations including allowing the note taker to use them for treatment, using the notes for training programs, or using the notes in defense of a legal proceeding. You have the opportunity to specifically authorize disclosure of psychotherapy notes on the *Authorization for Release of PHI* form.

We will not use or disclose your PHI for marketing purposes without your written authorization unless the marketing is conducted through a face-to-face communication or involves a gift of nominal value.

We will not accept payment of any kind for your PHI without your written authorization. Sale of PHI is prohibited only as it is defined by law and does not include accepting payment for your treatment.

You may revoke an authorization at any time by notifying us in writing. If this should ever be the case, please be aware that revocation will not impact any uses or disclosures that occurred while the authorization was in effect.

The CROSS Region may use and disclose your PHI in the following instances. You have the opportunity to agree or object to the use or disclosure of all or part of your PHI. If you are not present or able to agree or object to the use or disclosure of the PHI, then the CROSS Region may, using professional judgment, determine whether the disclosure is in your best interest. In this case, only the PHI that is relevant to your health care will be disclosed.

1) Others Involved in Your Healthcare

Unless you object, the CROSS Region may disclose to a member of your family, a relative, a close friend or any other person you identify, your PHI that directly relates to that person’s involvement in your health care. If you are unable to agree or object to such a disclosure, the CROSS Region may disclose such information as necessary if the CROSS Region, based on its professional judgment, determines that it is in your best interest. The CROSS Region may use or disclose PHI to notify or assist in notifying a family member, personal representative or any other person that is responsible for your care of your location, general condition or death. Finally, the CROSS Region may use or disclose your PHI to an authorized public or private entity to assist in disaster relief efforts and to coordinate uses and disclosures to family or other Individuals involved in your health care.

2) Emergencies

The CROSS Region may use or disclose your PHI in an emergency treatment situation. If this happens, the CROSS Region shall try to obtain your acknowledgment of receipt of the Notice of Privacy Practices as soon as reasonably practicable after the delivery of treatment.

YOUR RIGHTS

The following are a list of your rights with respect to your PHI and a brief description of how you may exercise these rights:

RIGHT TO INSPECT AND COPY YOUR PHI

This means you may inspect and obtain a copy of PHI about you that is contained in a designated record set for as long as the CROSS Region maintains the PHI. A "designated record set" contains medical and billing records and any other records that the CROSS Region uses in making decisions about you.

Under federal law, however, you may not inspect or copy the following records; psychotherapy notes; information compiled in reasonable anticipation of, or use in, a civil, criminal, or administrative action or proceeding, and PHI that is subject to law that prohibits access to PHI. Depending on the circumstances, a decision to deny access may be reviewable. In some circumstances, you may have a right to have this decision reviewed. Please contact the CROSS Region Privacy Officer if you have questions about access to your medical record.

RIGHT TO REQUEST A RESTRICTION OF YOUR PHI

This means you may ask the CROSS Region not to use or disclose any part of your PHI for the purposes of treatment, payment or healthcare operations. You may also request that any part of your PHI not be disclosed to family members or friends who may be involved in your care or for notification purposes as described in this Notice of Privacy Practices. Your request must state the specific restriction requested and to whom you want the restriction to apply.

The CROSS Region is not required to agree to a restriction that you may request, except in the case of a disclosure you have restricted under 45 C.F.R. §164.522(a)(1)(vi) related to restricted disclosures to health plans if the disclosure is for the purpose of carrying out payment or health care operations and is not otherwise required by law, and the PHI pertains solely to a health care item or service for which you have (or someone other than you but not the health plan

has) paid out-of-pocket, in full. If the CROSS Region believes that it is in your best interest to permit use and disclosure of your PHI, your PHI will not be restricted. If the CROSS Region does agree to the requested restriction, it may not use or disclose your PHI in violation of that restriction unless it is needed to provide emergency treatment. With this in mind, please discuss any restriction you wish to request with the CROSS Region. You may request a restriction in writing to the CROSS Region Privacy Officer. To request a restriction, you must provide us, in writing 1) what information you want to limit; 2) whether you want to limit our use, disclosure or both; and 3) to whom you want the limits to apply.

RIGHT TO REQUEST CONFIDENTIAL COMMUNICATIONS FROM THE CROSS REGION BY ALTERNATIVE MEANS OR AT AN ALTERNATIVE LOCATION

The CROSS Region will accommodate reasonable requests. The CROSS Region may also condition this accommodation by asking you for information as to how payment will be handled or specification of an alternative address or other method of contact. The CROSS Region will not request an explanation from you as to the basis for the request. Please make this request in writing to the CROSS Region Privacy Officer.

RIGHT TO REQUEST AN AMENDMENT TO YOUR PHI

This means you may request an amendment of PHI about you in a designated record set for as long as the CROSS Region maintains this information. In certain cases, the CROSS Region may deny your request for an amendment. If the CROSS Region denies your request for amendment, you have the right to file a statement of disagreement with the CROSS Region and the CROSS Region may prepare a rebuttal to your statement and will provide you with a copy of any such rebuttal. All requests for amendments must be in writing.

RIGHT TO RECEIVE AN ACCOUNTING OF CERTAIN DISCLOSURES OF YOUR PHI
